I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: *for a number of years,  
A small handful of pharmacies  
had the conviction & courage to  
support patients with special needs.  
They were there for us when no one  
else cared. Now that the big drug  
companies smell money, you are considering  
the destruction of the small pharmacies.  
You should be ashamed of yourselves!  
Do the right thing.*
